

Institute of Nuclear Science & Technology Stands In Solidarity with Garissa Terror Victims and Survivors

The 2015-16 1st year students, MSc in Nuclear Science, and INST members of staff joined the University of Uppsala in ONE MINUTE SILENCE at exactly 1 PM Local time (12 noon in Uppsala) in expressing our joint condemnation of all forms of violence against education and to commemorate the victims of the terrorist attack at Garissa University College on 2 April, where 147 young Kenyans were killed and 79 injured. Those who support and fund terrorism will pay heavily in different ways and they should know Kenyans are no cowards. Long live Kenya and fight to live in unity, peace and liberty.
